SCOTLAND

A country full of wonders located in the north of the British Isles. Scotland has many treasures within its 31,000 km² territory.

Wide skies, ancient architecture, romantic deserts, unique wildlife, and some of the most breathtaking landscapes that you can only believe are real in your dreams.

A land with many stages of rich history, a place where every corner tells a story, from the Battle of Bannockburn in medieval times to the mysterious waters and legends of Loch Ness, and the hundreds of castles steeped in history.

There is no place with as much wildlife in Great Britain, where golden eagles soar over the lakes and mountains of the northern Highlands, whales appear off the coast of Mull, and friendly dolphins inhabit the shores of Aberdeen.

And let's not forget the culture and the arts; whether it's the poetry of Robert Burns, the crime fiction of Ian Rankin, or the songs of Emeli Sandé, Scotland's cultural exports are appreciated worldwide just as much as whisky, tweed, and tartan.

The capital, Edinburgh, hosts some of the most famous festivals in the world, such as the Fringe Festival, which takes place in August.

This is a truly magnificent and fiercely independent country, proud of its history and traditions, and one that continues to leave its mark on this modern world. A magical kingdom where you will receive a warm welcome from its very kind and down-to-earth people.
